

We've been on this journey for a while, building **high-performance travel and mobility units** that **meet your customers' needs** and help them **reach new milestones**. We're just getting started! Today, we're thrilled to share **this enhanced, premium model** destined to exceed expectations by leaps, bounds and miles.

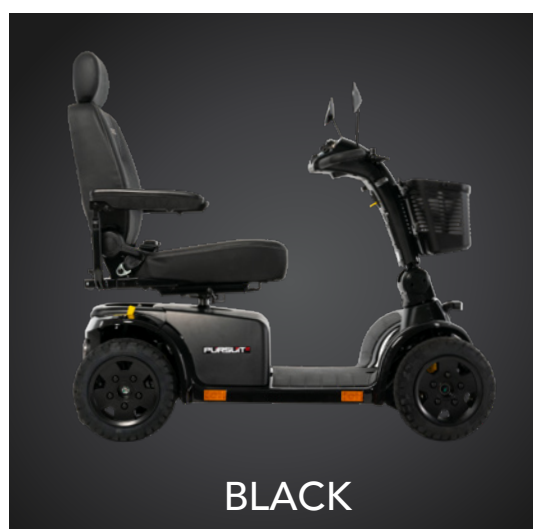

PURSUIT²

INSERT YOURSELF:
ANYWHERE

We're pleased to announce the **Pursuit 2**, a **fast and durable** scooter designed for **lovers of the great outdoors** and the road less traveled. An exceptional addition to the Pride Mobility scooter line, this newcomer proves that a rugged ride can be a thing of real beauty.

With a **400 pound weight capacity**, it moves fast, up to **9.3 mph**. It also goes far, up to **40 miles** on a single charge with the upgraded dual lithium battery configuration.

KEY FEATURES AND BENEFITS

EASY TRANSPORT

A durable design to allow you to take your Pursuit 2 everywhere.

LITHIUM-ION BATTERY

Ride up to 40 miles per charge with dual batteries

FAST PACE

Cruise dirt roads, grass fields and beyond with speeds up to 9.3 mph

CAPACITY

With a 400-lb. weight capacity, the Pursuit 2 appeals to everyone

Additional features include:

- Durable color-through plastic shrouds
- Memory foam seat with 6" slider for adjustable support and all-day comfort
- Infinitely adjustable tiller with a built in USB charger for charging devices
- Powerful LED lighting for clear visibility
- Pneumatic tires mounted on split rims for optimal handling on varied terrains and surfaces
- 3 bold color options: Black, Matte Gray, and Orange

*Pride[®] FDA Class II Medical Devices are designed to aid individuals with mobility impairments.

Official Launch Date: August 7, 2023

Attached please find the **Specification Sheet, Order Form, Trifold, Tearpad, and Owner's Manual.**
